

NATHAN SANTIAGO MARTIN DEL CAMPO CHUNG

nathanchung144@gmail.com | +52 33 4209 7148 | Guadalajara, Jalisco, Mexico

EDUCATION

Universidad Autonoma de Guadalajara Jan 2024 – Present

B.S. in Software Engineering Guadalajara, Mexico

- Relevant Coursework: Algorithms, Data Structures, Networking, Digital Electronics, Software Architecture.

EXPERIENCE

Administrative Assistant Sep – Nov 2022

Auto Parts Business Guadalajara, Mexico

- Managed inventory, logistics, and warehouse operations; supported bookkeeping and payment processing.

Aluminum Installer – Independent Project May – Sep 2023

Vertical Development Guadalajara, Mexico

- Executed full project lifecycle: planning, client management, installation, and quality control across multiple sites.

PROJECTS

Hospital-App | SwiftUI, HL7 FHIR, OAuth 2.0 2025 – Present

- Built a **SwiftUI** mobile app for private hospitals in Mexico: patient portal with medical directory and appointment management.
- Researched **HIS / RIS / PACS** integration via **HL7 FHIR & SMART on FHIR**; assessed regulatory compliance (LFPDPPP, NOM-024-SSA3).
- Defined a **B2B SaaS** go-to-market strategy with a progressive integration roadmap (MVP → FHIR → full PACS) and pilot-first sales model.

SAI – Landing Page | Claude Code, Next.js, Tailwind CSS 2025

- Designed and developed the landing page for SAI, a content creation agency specializing in the **real estate** sector, using **Claude Code** as the primary development tool.
- Delivered a complete professional design system, services showcase, portfolio section, and contact form.

Collete – Landing Page | Claude Code, Next.js, Tailwind CSS 2025

- Built the landing page for Collete, a **jewelry brand**, with **Claude Code**: elegant visual design, product catalog, and conversion-focused CTAs.
- Demonstrated end-to-end web product delivery using AI-assisted development workflows.

Mexican Startup Opportunity Analysis | 2025

- Researched 25 U.S. software ideas adaptable to Mexico; top picks: **WhatsApp-native CFDI 4.0 invoicing** and AI agent for SMBs.
- Modeled unit economics: PAC stamping costs, WhatsApp Business API, and Claude API margins per pricing tier.

SKILLS

AI Tools: Claude, Claude Code, Cursor, Lovable

Languages: HTML, CSS, JavaScript (Beginner), Python (Beginner), Swift / SwiftUI

Frameworks / Tools: Next.js, Tailwind CSS, Figma, Git, Xcode, ReportLab

Other: Prompt Engineering, System Design, Product Strategy, Spanish (Native), English (B2)
